Section 1.2 - Aggregate fee levels

Aggregate fees for the whole duration of the course will depend on the length of the programme and whether there are increases to the maximum tuition fees set by the Welsh Government as outlined above, however may be calculated as follows:

The annual full-time tuition fee rate x the expected number of years taken for the programme = total tuition fees for the programme

The University communicates tuition fee information to our learners via our website on our [finance pages](#). Applicants are signposted here during the application process, e.g. in their programme offer letter. Available Student Financial Support is communicated via a variety of methods. The Student Money Support team attends open days and taster days and meets with learners and parents (both virtually and face to face) in advance of both application and arrival at University. The team answers general and specific student finance queries, provides guidance on the student finance application process, and advises on availability and eligibility in relation to financial support [available](#).

Learners starting University receive an introductory handbook and an invitation to their induction in advance of their first day at the University. The handbook includes brief information about financial support, including how to access advice and guidance through the Student Money Support team and [links](#) to more information and relevant bursary application forms.

The induction process for all new learners includes an introduction to Student Services which provides a brief description of the University's bursary framework and signposting to the Student Money Support team for queries and support. Key details of our staff team and details of our bursary framework, including eligibility criteria, application dates and online forms, are available on our [website](#) and available to our learners via the UWTSD Hwb app.

Reminder information is circulated to returning learners on an annual basis as part of their course induction activity. Our welcome and Hwb introduction videos both include specific information on finance support. Periodically, e-mails are circulated to remind all learners about bursary availability and deadlines, and referral systems are in place from the Students' Union, Student Hwb and faculties, to help students reporting financial difficulty to access individual support from the Money Support team. Our Hwb chat bot makes referrals out of hours on the website. In addition to the above, we have information included in our prospectus and other central publications linked to the website and the Hwb. Panels for the Student Financial Support Fund and the Digital Connectivity Bursary meet weekly throughout the year to confirm eligibility, assess applications and award support. The panel includes representation from the Students' Union.

Authorisation of the fee limit statement (required for publication)

In authorising the fee limit statement applications, the governing body (or equivalent):

- i. has seen and considered appropriate evidence to support the declarations being made in this application;
- ii. confirms that there has been appropriate consultation with the student union or other representative bodies, both those studying at the provider and at other providers where education is delivered on its behalf, and therefore reflects the input of students on the proposed fee structures and their potential impact on access and inclusion
- iii. confirms that additional course costs (e.g. materials, field trips) are provided in accessible formats, such as course webpages or offer letters.
- iv. confirms that the information provided in this fee limit statement is accurate and current, at the time of writing, and is based on verifiable data;
- v. confirms that all qualifying courses to which statutory fee limits apply (either by the provider or on its behalf) and regardless of the level or location of the provision, has been taken into account in this statement;
- vi. understands that any financial commitments to students made in the fee limit statement, as approved by Medr, **must** be honoured;
- vii. confirms that it will maintain student support levels;
- viii. confirms that the provider will ensure that a copy of the fee limit statement can be made accessible to its students and prospective students in any reasonable format;
- ix. gives due consideration to any guidance published by Medr as it discharges its duties in relation to the Tertiary Education and Research (Wales) Act 2022
