

Multi-Factor Authentication for logging on to MyTSD

As part of the additional security that is being introduced across UWTSD systems, Multi-Factor Authentication has been enabled for logging on to MyTSD.

These instructions will guide you through the new logon process.

- 1) Log on to the home screen of MyTSD using your username and password as normal.

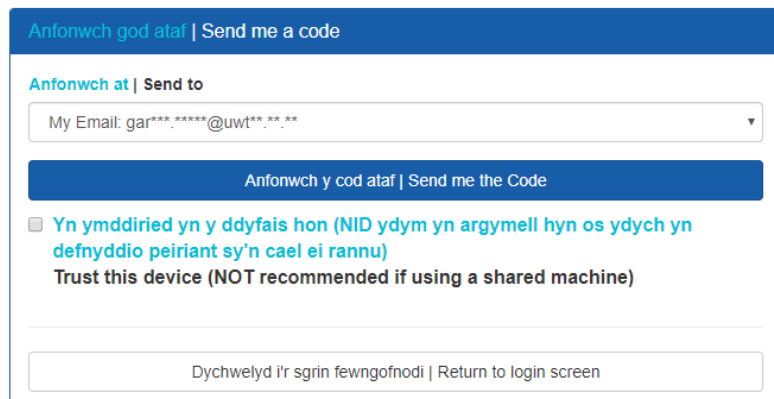

The screenshot shows the login interface for MyTSD. At the top, there is a blue header with the text 'Mewngofnodi / Log In'. Below this, there are two input fields: 'Enw Defnyddiwr / Username' with the value 'gareth.lloyd' and 'Cyfrinair / Password' with masked characters. A blue button labeled 'Mewngofnodi / Log in' is positioned below the password field. At the bottom, there are four links: 'Beth yw fy enw defnyddiwr?' (What is my username?), 'Beth yw fy nghyfrinair?' (What is my password?), 'What is my username?', and 'What is my password?'.

- 2) You will be directed to an authentication screen where you can confirm that the partially obscured email address matches your UWTSD email account and click the 'Send me the code' button to request a code which will be sent to that email account.

Er mwyn mewngofnodi, mae angen i ni anfon cod dilysu atoch, y bydd angen, wedyn, i chi ei fewngofnodi
In order to login we will need to send you a verification code, which you will then need to enter

The screenshot shows the 'Anfonwch god ataf | Send me a code' screen. It features a blue header with the text 'Anfonwch at | Send to' and a dropdown menu showing 'My Email: gar***.*****@uwt**.*.*'. Below this is a blue button labeled 'Anfonwch y cod ataf | Send me the Code'. There is a checkbox labeled 'Yn ymddiried yn y ddyfais hon (NID ydym yn argymhell hyn os ydych yn defnyddio peiriant sy'n cael ei rannu) / Trust this device (NOT recommended if using a shared machine)'. At the bottom, there is a link labeled 'Dychwelyd i'r sgrin fewngofnodi | Return to login screen'.

- 3) The screen will confirm that the code has been sent to your email address. This code expires after 15 minutes so you will need to enter the code to logon as soon as you receive it. If the code does expire then you can use the 'Send Again' button to return to the previous screen and request a code again.
