

Welcome

A very warm welcome to you and your family to the Lampeter campus. I would like to take this opportunity to thank you most sincerely for considering studying here at The University of Wales Trinity Saint David.

Students come to the University of Wales Trinity Saint David to enjoy a stimulating academic experience in one of the UK's oldest universities, where innovative and dynamic courses are offered within a supportive social and academic community.

Amongst the many benefits of studying here is our student-centred approach to learning and teaching. Due to relatively small class sizes, as a student you can easily contribute to debates in lectures and seminars. By doing so, you will be able to develop your individual academic interests whilst gaining crucial transferrable skills that will broaden your employability prospects.

You will not only thrive academically but also socially within the close-knit Lampeter community; there is a wide range of extracurricular activities from volunteering in the local community to sport, cultural societies and a host of other activities. At UWTSd students are truly recognized by their name and not their number.
