University of Wales Trinity Saint David
Strategic Plan 2017 - 2022
The University of Wales Trinity Saint David (UWTSD) is the oldest Royal Chartered University in Wales and is proud to have as its Patron His Royal Highness, the Prince of Wales. We are part of the UWTSD Group, a multi-institutional collaborative venture owned and governed by the University, with Coleg Sir Gâr and Coleg Ceredigion as constituent colleges. The Group offers an integrated, dual sector approach to education for the benefit of learners, employers and communities, and will be enhanced later this year through merger with the University of Wales. The merger will complete the establishment of a transformed University, and will be an opportunity to celebrate the historic contributions that all members of the UWTSD Group have made to education in Wales.

This Strategic Plan is therefore presented at a time of continuing change for the University and for education more generally, and in a period of considerable uncertainty stemming from external factors, including reductions in funding and the UK’s planned withdrawal from the European Union. We recognise the significant challenges in the current climate. However, we enter the new planning period with confidence in the strategic direction of the UWTSD Group, and in the distinctive education that we offer on our campuses across Wales, in London, and through our collaborative partnerships. We are proactive in seeking opportunities for development, and our capacity to work across traditional boundaries equips us well for the challenges that lie ahead.

At the heart of our Strategic Plan is a commitment to all our learners and specifically to Wales – to its culture, its heritage and its language, and to the prosperity and long-term health of its citizens. We recognise our local, national, international and civic role as a provider of higher education, and the responsibilities that we bear. As a reflection of this commitment, we have placed the seven goals and the five ways of working of the Well-Being of Future Generations (Wales) Act 2015 at the core of our planning, and have ensured that our own aspirations are closely aligned with those expressed by the Welsh Government in Taking Wales Forward 2016-21.

At the end of the current planning period in 2022 we shall celebrate the bicentenary of the University’s Royal Charter. This historic occasion will also provide an opportunity for us to reflect and build on the considerable achievements of the UWTSD Group since its much more recent inception. We believe that the Strategic Plan sets an ambitious but realistic agenda for the next five years, the achievement of which will be fundamental to the continuing success of the UWTSD Group and to the prosperity and resilience of the communities that we serve.

Mission

Transforming Education;
Transforming Lives.

Vision

Our vision is to be a University for Wales, with a commitment to the well-being and heritage of the nation at the heart of all that we do.

Central to our vision is the promotion and embedding of a dual-sector educational system which educates learners of all ages and backgrounds, and stimulates economic development in our region, across Wales and beyond.

Through our activities we promote:

Excellent teaching informed by scholarship and professional practice, and applied research that influences knowledge and policy in Wales and beyond.

Inclusivity, by removing barriers to participation and supporting people from all backgrounds and circumstances to fulfil their potential.

Employability and creativity, by offering educational programmes that develop entrepreneurial and creative skills, enabling learners to have the best opportunities to gain employment and to contribute to the prosperity of their communities.

Collaboration through strategic relationships, working with others to provide educational and commercial opportunities and to ensure that Wales is connected to the wider world.

Sustainable development, by behaving in a way which ensures that the needs of the present are met without compromising the ability of future generations to meet their own needs, and by systematically embedding this principle in our approach to teaching and learning.

The concept of global citizenship, through the development of multi-national activities and opportunities for our learners, staff and partners.

Wales and its distinctiveness, through embedding the goals of the Well-Being of Future Generations (Wales) Act in all of our activities, and by celebrating the vibrant culture, heritage and language of Wales.

The concept of global citizenship, through the development of multi-national activities and opportunities for our learners, staff and partners.

Wales and its distinctiveness, through embedding the goals of the Well-Being of Future Generations (Wales) Act in all of our activities, and by celebrating the vibrant culture, heritage and language of Wales.
The learner is central to the UWTSD Group and our commitment to providing an excellent learning experience is at the heart of our activities.

We believe that education changes lives and, working in partnership with the Students’ Union, we are committed to supporting learners to achieve their potential within learning environments that are welcoming, inclusive, supportive and secure.

We will therefore

- Provide all of our learners with a high quality, supportive and inclusive learning experience to enable them to achieve their full potential
- Work in partnership with our learners to encourage their full engagement with their programmes of study and their full participation in our decision-making processes
- Offer attractive and relevant academic programmes that enable our learners to develop the skills that they need for employment and to ensure that they can, in turn, make a direct contribution to the well-being and prosperity of their communities
- Continue to develop our portfolio of programmes that are delivered flexibly, allowing learners to access study opportunities in a manner that suits their lifestyle and commitments
- Contribute to the creation of a more equal Wales through the promotion of participation by under-represented groups, by providing accessible learning opportunities and by removing barriers to participation, ensuring that those who choose to study with us are provided with excellent support throughout their period of study
- Continue to enhance our campuses and facilities, ensuring that learners are provided with attractive, supportive, inclusive and sustainable environments in which to study
- Complete our Swansea Waterfront Campus and continue to enhance the buildings that we use across all campuses

Key Performance Indicators

KPI 2: Academic Profile and Market Position
KPI 7: Student Experience
KPI 9: Estates and Infrastructure

Measures of success

Within the planning period we will measure our success through the following:

- Achievement of specific recruitment and continuation targets, to enable us to provide vibrant and viable programmes of study
- An increase in the number of learners progressing from further education to higher education within the UWTSD Group
- Achievement of specific targets for the recruitment and continuation of under-represented groups, including part-time undergraduate learners, Welsh-domiciled learners from identified deprived areas, and learners in receipt of the Disabled Students Allowance (DSA)
- Maintenance of the proportion of our learners who achieve a good honours degree in line with sector norms
- Learner involvement in internships, ambassador schemes, mobility opportunities and learner-led initiatives such as Green Impact
- Continuing improvement in our performance in The National Student Survey (NSS) and other satisfaction surveys
- An improvement in our performance in the Destination of Leavers in Higher Education (DLHE) survey and other measures of graduate employment
- Completion of our Swansea Waterfront Campus and the successful migration of learners on relevant programmes
Strategic Priority 2: Excellence in Teaching, Scholarship and Applied Research

Value

Excellent teaching informed by scholarship and professional practice, and applied research that influences knowledge and policy in Wales and beyond.

Fundamental to the achievement of our Mission is a commitment to academic excellence through the provision of high quality teaching, informed by staff scholarship, research and professional practice, and delivered through methods that engage and challenge our learners.

Building on the historical achievements of our founding institutions, we are also leading new approaches to the delivery of teacher education in Wales, working with schools to equip the next generation of teachers with the skills that they need to raise standards and inspire pupils. We are committed to improving our research performance primarily through an emphasis on applied research which has commercial potential, thus maximising our contribution to the regional economy.

We will therefore

• Provide excellent and stimulating teaching across all programmes of study, informed by staff scholarship and professional practice
• Support our staff to innovate and to achieve the highest standards of teaching practice, including through increased use of technology enhanced learning and the establishment of the Global Campus platform
• Seek accreditation for new Initial Teacher Education programmes through Yr Athrofa Institute of Education
• Maintain and enhance the international excellence of the research of the Centre for Advanced Welsh and Celtic Studies and other areas of research and innovation associated with the University of Wales, and in selected areas of the transformed University
• Maximise opportunities for all staff and learners to engage in scholarship, professional practice, applied research and commercialisation activities
• Maintain the high academic standards of our awards, and continue to participate in external assessments of teaching and research excellence
• Enhance our academic governance arrangements to enable governors to make full and informed judgements about academic quality and quality assurance

Measures of success

Within the planning period we will measure our success through the following:

• Continuing improvement in our performance in The National Student Survey (NSS) in measures specifically related to the quality of teaching and learner challenge
• An increase in the proportion of staff who have attained Higher Education Academy (HEA) Fellowship
• Achievement of a ‘Silver’ rating in the Teaching Excellence Framework
• Achievement of appropriate Initial Teacher Training recruitment targets
• Implementation of new strategies for research, applied research and commercialisation
• An increase in income from research and commercialisation activities
• Achievement of a judgement of ‘Meets UK Expectations’ in external quality assessment review

Key Performance Indicators

KPI 5: Pure and Applied Research
KPI 8: Teaching and Learning
Strategic Priority 3: Creation of Opportunities through Partnerships

Value

Collaboration through strategic relationships, working with others to provide educational and commercial opportunities and to ensure that Wales is connected to the wider world.

Value

The concept of global citizenship, through the development of multi-national activities and opportunities for our learners, staff and partners.

The Well-Being of Future Generations (Wales) Act 2015 requires organisations to collaborate, to involve stakeholders and to integrate objectives with those of other organisations for long-term benefit.

We recognise that working across traditional boundaries is essential to the achievement of our Mission. We are enhancing the linkages between further and higher education to create unique pathways for skills enhancement for the benefit of our learners, their communities and the economy.

We are committed to the economic development of the region through the continuing development of our links with industry, with other educational providers and with national institutions within Wales and beyond, and to the creation of opportunities through partnerships that will enable our learners to achieve their full potential and the economy to thrive.

We will therefore

- Develop and enhance our partnerships and confederations with other institutions, to maximise higher education and progression opportunities for learners
- Continue to work closely with regional employers to identify areas of need and to develop a skilled and educated population, including through work-based learning opportunities
- Continue to enhance our portfolio of vocational and technical awards, including through the development of higher level apprenticeships
- Support the economic development of the region through strategic engagement with business and civic partners
- Continue to work closely with the local authorities where we have campuses to maximise benefits through geographical partnerships
- Actively engage with public bodies and Public Services Boards across Wales, focusing on our shared commitment to the seven goals and five ways of working of the Well-Being of Future Generations (Wales) Act 2015
- Engage fully in the Swansea Bay City Region City Deal
- Develop our external engagement activities focused on economic opportunities such as the Tidal Lagoon
- Continue to recruit Professors of Practice to enhance our learners’ access to examples of the practical application of knowledge and research
- Contribute to the international position of Wales through the establishment of the Wales Global Academy and the development of a number of high-quality, international partnerships, linked to the University’s faculties
- Develop and enhance our participation in the work of the International University of Malaya-Wales
- Continue to enhance our engagement with our alumni and graduates.

Measures of success

Within the planning period we will measure our success through the following:

- An increase in the number of learners progressing from further education outside the UWTSD Group to UWTSD higher education programmes
- An increase in the number of accredited programmes, and programmes developed in collaboration with employers or in response to employer demand
- Enhanced work-based learning opportunities to build our learners’ skills
- An increase in the number of apprenticeships, including higher level apprenticeships, offered through the UWTSD Group
- Continuation of the ‘Pledge’ arrangements with local authority partners
- Continued representation and engagement with Public Services Boards and contribution to Local Well-being Plans
- Delivery of our obligations under the Swansea Bay City Region City Deal
- Achievement of specific targets for the recruitment of global learners
- Establishment of new partnerships with selected former collaborative centres of the University of Wales and achievement of satisfactory quality assurance outcomes in any external reviews of those partnerships
- Full establishment of the Chin Kung Foundation on the Lampeter Campus and Wuhan Ligong College at Swansea
- Development of the potential of the International University of Malaya-Wales, including opportunities for staff and learner exchanges

Key Performance Indicators

KPI 4: Establishing an International Profile
Strategic Priority 4: A University for Wales

Value

Sustainable development, by behaving in a way which ensures that the needs of the present are met without compromising the ability of future generations to meet their own needs, and by systematically embedding this principle in our approach to teaching and learning.

Value

Wales and its distinctiveness, through embedding the goals of the Well-being of Future Generations (Wales) Act in all of our activities, and by celebrating the vibrant culture, heritage and language of Wales.

Our location is fundamental to our identity, our history and our ambitions. A commitment to the culture, heritage and language of Wales, and to improving its social, environmental, economic and cultural well-being, underpins all of our activities.

We have the highest percentage of Welsh-domiciled learners of any higher education institution in Wales, and we work in a bilingual environment in which staff and learners are encouraged and supported to develop their language skills.

As we reach our bicentenary, we recognise and celebrate the unique position that the UWTSD Group already holds within its communities, and we seek to maximise the educational and cultural opportunities created through the integration of the University of Wales for the benefit of our current learners and for future generations.

We will therefore

• Continue to develop and enhance our commitment to embedding sustainability in the curriculum and in all of our activities
• Continue to develop programmes and research focused on protection and enhancement of the environment and natural resources
• Contribute to the vibrancy of Welsh culture, visual arts, heritage and language through the continued provision of high-quality Welsh-medium education and activities which encourage community participation in arts, sports and recreation
• Contribute to the prosperity, security and resilience of Wales through the promotion of creative skills, entrepreneurship and tech hubs, and through supporting our graduates to start their own businesses
• Contribute to the health of Wales through continued development of programmes and research focused on physical and mental wellbeing
• Continue to champion the internationalisation of Wales by taking the best of Wales to the world and bringing the best of the world to Wales
• Safeguard the legacy of the University of Wales for future generations through Adduned Cymru – The Wales Pledge, thus ensuring that the assets serve the purpose for which they were intended
• Continue to develop and enhance the work of the University of Wales Press
• Complete harmonisation and integration following the constitutional merger with the University of Wales in 2017
• Continue to support and facilitate strategic initiatives in Welsh higher education

Key Performance Indicators

KPI 3: Embedding Sustainability
KPI 6: Culture and Heritage

Measures of success

Within the planning period we will measure our success through the following:

• Incorporation of the Well-Being of Future Generations (Wales) Act 2015 goals and ways of working into the strategic planning of faculties and professional departments
• Implementation of sustainability commitments within Faculty and Departmental strategic plans
• Completion of curriculum audits to support well-being and sustainability commitments
• Recording environmental sustainability data and carbon management plan information to underpin sustainable campus environments
• Achievement of specific targets for Welsh-medium provision through expansion in the number of programmes offered bilingually and the number of learners studying through the medium of Welsh
• Activities undertaken to promote Welsh heritage through project work, development of new curricula and the building of relationships with external partners
• Achievement of specific recruitment targets for the Wales International Academy of Voice
• The number of organisations offering innovative and commercial opportunities through the Swansea Waterfront and Yr Egin developments
• An increase in the number of graduate start-up companies and in the number still in business after three years of operation
• Creation of additional programmes within the health portfolio
• Continued delivery of physical literacy programmes to teachers, professionals and parents and assessment of the impact of such programmes on the health and well-being of communities
• Achievement of full constitutional merger of the University of Wales and the UWTSD Group
• Monitoring the implementation of the Adduned Cymru – The Wales Pledge

Enablers

Achievement of our strategic priorities is dependent upon a range of supporting enablers, the details of which are set out in operational plans:

Enabler 1: Financial Security
We seek to deliver a financially secure UWTSD Group, investing in areas of academic strength and potential, disinvesting where appropriate, and generating surpluses for future investment in areas that will benefit our learners and communities.

Enabler 2: People
We recognise our staff as a key resource to the successful delivery of this plan, and are committed to providing an inclusive environment where individuals are supported and encouraged to reach their full potential.

Enabler 3: Estates and Infrastructure
We are committed to the provision of a high-quality sustainable, low carbon physical environment to enhance the learner experience and support the delivery of innovative and accessible approaches to teaching and learning.

Enabler 4: Governance
Our Council members are involved in organisational activity and are provided with high quality information and resources to inform effective decision-making.

Enabler 5: Leadership and Management
We are committed to providing effective leadership and management that is proactive and allows us to adapt successfully to emerging opportunities and challenges.

Enabler 6: Equality
We are committed to a more equal Wales, and we promote learning, teaching, social and working environments and practices that are accessible, fair and inclusive.

Enabler 7: Continuous Improvement
We are committed to systematically reviewing our performance at all levels, and we continually seek to enhance the quality of what we offer and deliver.
